- Includes TWAIN and ISIS Driver
- One button functionality allows you to assign up to nine scanning applications and select at the touch of a button

Avision's
*Button Manager scans
directly to Adobe® certified
searchable PDF!*

The Avison AV6200 has built-in U-Shape auto-document feeder to make multi-page document scanning more reliable. The 50-sheet automatic document feeder (ADF) that accommodates a wide range of document sizes (4.5 in. x 5.5 in. to 8.5 in. x 11.4 in.) at a time allows your documents to be continuously scanned with no interruption to transform your paper documents into more manageable digital files.

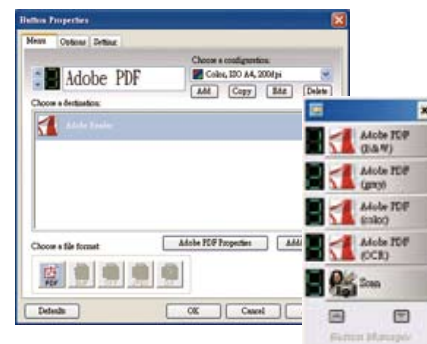

Operation of the AV6200 is greatly simplified with Avison's exclusive software application, the Button Manager. Users only need to properly place the document on the scanner, and then press the "Scan" button. The scanning task can be finished within seconds, and what is best, the scanned image can be directly sent to your predefined destination applications such as e-mail, printer, or other image editing software application. There are a total of 9 sets of button numbers allowing you to set your preferable scan settings or destination applications to make scan as easy as 1-2-3!

The Avison AV6200 is also equipped with USB 2.0 high-speed data port, allowing as many as 35 pages (70 images per minute) to be scanned in a minute. This is one scanner built with simplicity in mind; it will unquestionably double your efficiency for your documentation processing tasks.

The Avison AV6200 is designed with true 600 dpi optical resolution. This enables the color scanner to capture the best image quality from your documents. Color scanning provides a more authentic reproduction of original documents, and can bring out details that may not be picked up with monochrome or grayscale output.

What we have bundled

The Avison AV6200 scanner comes with TWAIN and ISIS drivers and are also bundled with full version of exclusive Avison Button Manager, ScanSoft PaperPort software application.

Avison's Button Manager

Completes your scan in a single step

Avison's state-of-the-art software application, the Button Manager, enables you to complete complex scanning task in just a single step. When the button is pressed, the scanner automatically scan your documents and convert them to a highly compressed file format, Adobe searchable PDF, or other image format and then send the file to a designated folder, or other destination applications such as e-mail, printer, or your favorable software application. The original step-by-step procedure is replaced with only a single touch of the button.

Avision AV6200 Document Scanner

Button Manager

Delivers and Manages Your Document Better on the Internet

Fit for both first-time and experienced users alike

For first-time users, Avison's Button Manager provides a true ease-of-use with the 9 pre-configured file formats and destinations. For advanced users, Avison's Button Manager makes full customization possible. For example, you can change scan settings, file formats, or even add new destination software application to fit your own scanning needs.

Automatically converts to Adobe certified searchable PDF

Incorporated with Adobe's PDF scan library, Avison's Button Manager allows users to scan and convert document to a increasingly popular and effective compression file format, Adobe searchable PDF, to share and manage high volume or high-resolution color documents on the internet in an unprecedented high quality and speed.

Adobe searchable PDF makes document management better

For many years, Adobe PDF files have become one of the most widely used file format for distributing digital documents on the internet especially for financial

service, governments, and manufacturing industries which have a high demand to digitize and store the massive amounts of paper-based information on a daily basis. Now, with Avison solutions enabled by Adobe's PDF Scan Library, users will have more features to create, make searchable, compress, secure, share, and archive files at the high speed of 7.5 pages per minute and with an accuracy rate of 97.75% (in-house assessment sample). Heavy duty paper documents stored in large cabinets can be saved and managed more effectively to digital format by searching key words in a few seconds.

ScanSoft PaperPort

- The Professional Choice to Organize and Share Your Documents

PaperPort is the easiest way to turn piles of paper and photos into organized files that you can quickly find, use and share. Stop wasting time searching for paper documents. End the frustration of organizing, editing and sharing your digital photographs. PaperPort makes it simple to connect your scanner and computer together to work with PDF and JPEG images just like working with paper documents right on your desktop. It is the perfect solution for your home or small office. Save time and money with the security of knowing that important documents and photos will never be lost.

*DjVu: Button Manager is able to convert your image file to a DjVu format, yet this is an optional and special edition.
